FLOWER SEEDS EXCLUSIVELY.

GREETING FOR 1900

I wish it were possible for me to personally thank my patrons for their many kind expressions and good wishes for my success, as well as their very liberal patronage. I have put my Flower Seeds on the market at the very lowest prices possible to insure thoroughly good seeds. There may be seeds offered cheaper or a greater quantity for the money, but please remember the quality of the seeds must be sacrificed in order to do so. This is my eighth little catalogue that has gone out to the flower-loving people, trying to introduce my seeds, and so far has been very successful in its mission.

I have always avoided over-drawing illustrations, and over-stating facts in my catalogue, as hundreds of testimonials sent to me will prove.

Thanking you all most cordially for past favors and trusting you will favor me with future orders, which shall have prompt and careful attention. I am very sincerely yours,

CARRIE H. LIPPINCOTT.

N. B.—Please bear in mind I have no connection whatever with any other Seed House in this city or elsewhere.

CINERARIA, HYBRIDA.

One of the most popular of all greenhouse plants, and what a splendid display they make when well grown. I know of no plant so easily grown as the Cineraria. Dear Miss
Lippincott,

Last spring I sent six cents for your advertised trial offer of Flower Seeds, for which I received three papers of Choice Seeds that have given entire satisfaction. From the one paper of Pansy Seeds I got twenty-three good thrifty plants. At the proper time I transplanted them, and now I have in bloom a variety of twelve different colors, including pure white and jet black, all of which are very much admired. The last plant to bloom brought forth a combination of orange and brown of very large size and velvety texture. The Nasturtiums are a perfect wonder of variety and loveliness, ranging in color from delicate buff to darkest maroon, sixteen different shades, distinctly marked. The Sweet Peas are just beginning to bloom and give promise of bountiful supply. I never bought seed that gave better satisfaction, and think it due you to express appreciation.

Most truly yours,
Mrs. R. A. Huntley,

Nebraska.

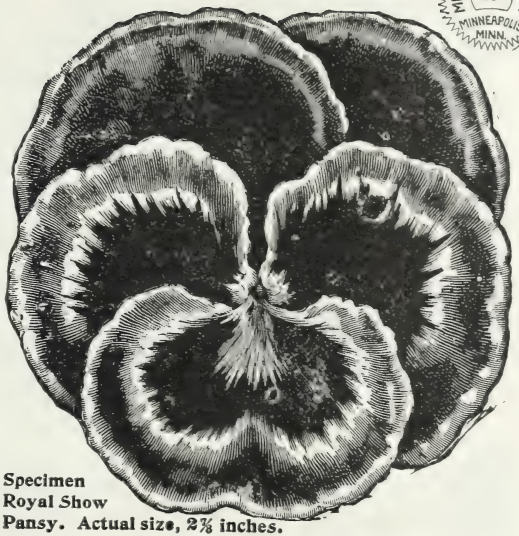
Sweet Scented Pansies.

SWEET SCENTED PANSIES.

The Perfume of the Violet. The Beauty of the Pansy.

This new class is the result of crossing the Pansy (*viola tricolor*) with the Sweet Violet (*viola cornuta*); the resulting hybrids, in addition to retaining the delightful Violet Perfume, produce the most beautiful Pansy-like blossoms, 2 to 2½ inches across, of great substance and of an endless variety of colors. They are not all equally fragrant, though the majority are as highly scented as the sweetest Violet, and the other high merits of this new strain, aside from their perfume, destine them to wide popularity. Mixed colors. **Pkt., 100 seeds, 6 cts.**



Specimen Royal Show Pansy. Actual size, 2⅞ inches.

ROYAL SHOW PANSIES

Is a mixture especially prepared by myself from separate strains and colors of all the largest flowering and finest varieties that can be secured in Europe, and is unsurpassed in *beauty, colorings* and *markings*. **Pkt., 50 seeds, 6 cts.; Pkt., 100 seeds, 10 cts.**

BLACK PRINCE PANSY.

A distinct pansy of sterling merit. The rich, glossy black has a peculiarly soft, velvety appearance, the magnificent large flowers are of fine circular form and carried upright well above the foliage; the plants are of very compact, bushy habit, and flower so profusely that a bed of the Black Prince makes a sight not often equalled. **Pkt., 100 seeds, 6 cts.**

PANSY.

GOOD MIXED. Fine for bedding, many rich colors. **Pkt., 100 seeds, 3 cts.**

GIANT YELLOW PRINCE PANSY.

The color is pure golden yellow, shaded canary sometimes with the three lower petals marked with purplish, or red blotches and hair lines. It is impossible to reproduce by means of the printer's art the grand depth of brilliant color presented by this beautiful Pansy when well grown. **Pkt., 100 seeds, 6 cts.**

EMPEROR FREDERICK PANSY.

The first color is deep, velvety brown, shaded into a narrow band of deep golden yellow, which borders each petal. The perfect flowers show a distinct face marking a rich gold and deep brown. **Pkt., 100 seeds, 4 cts.**

FIRE KING PANSY.

This novelty comes almost absolutely true, scarcely a plant bearing flowers at variance from the type, which is very distinct and striking. The three lower petals each have a large blotch of deep brown-red or magenta, margined with yellow, while the upper petals are of a bright reddish-brown, of a *real fiery shade*, warranting the name FIRE KING. **Pkt., 100 seeds, 4 cts.**

SNOW QUEEN PANSY.

Pure satiny white with yellow dot in center of flower, sometimes marked near center with faint blue or purple lines; altogether the least picturesque of any of the different classes of Pansies; it is very highly prized by a great many pansy lovers for just that reason. **Pkt., 100 seeds, 4 cts.**

METEOR PANSY.

Color bright canary yellow; the three lower petals are variously spotted with mahogany-brown, while the two upper petals vary from reddish-brown to dark purple, narrowly margined with gold or silver. **Pkt., 100 seeds, 4 cts.**

PEACOCK PANSY.

A beautiful variety of ultramarine blue in the upper petals of the flower, edged with a thin white line, within which is a space of purplish crimson, passing into a rich central blotch of deep blue, shading to black, named "Peacock" because the blending colors resemble the feathers of a peacock. **Pkt., 100 seeds, 4 cts.**

NEW IMPERIAL GERMAN PANSY.

This mixture embraces seed of over fifty colors and markings, and is **guaranteed** to equal any strain offered as Imperial German. **Pkt., 100 seeds, 5 cts.**
